## Band Provides Musical Entertainment

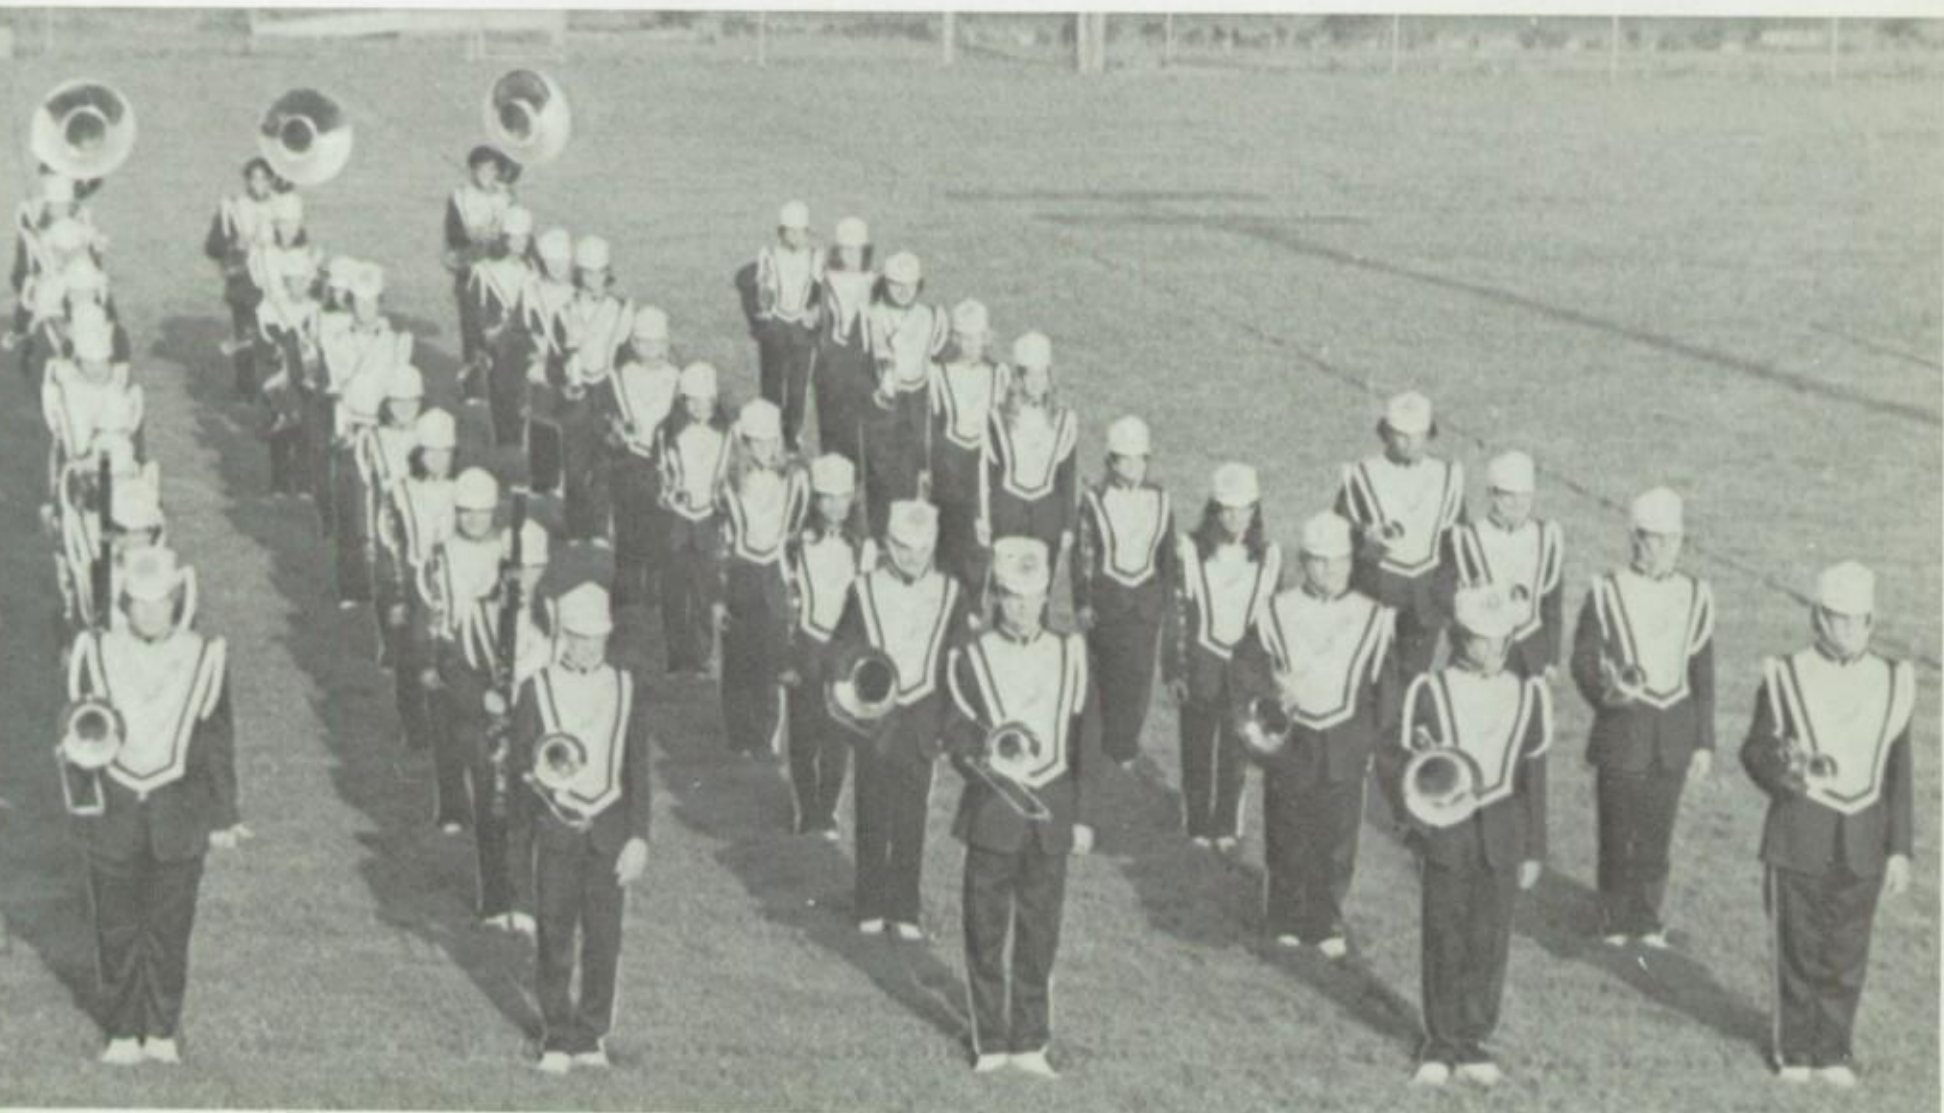

Tracy -  
My goodness we've already started off another year. I don't see how this one could be as good as the last one, but we can surely try. You've done so much for me - always listening when most people got tired of it - Anyway, we've had a blast doing all the crazy things that freshmen like to do - and somehow I know it was hard on you when Julie moved - a I know that no one could ever take her place, but I hope that I'll be there when you need me, just as you have always been for me. Take care, & be good! I love ya.
